The next generation of Structural Fund programmes

- Regional policy from 2007 onwards will focus strongly on promoting **jobs and growth**
- **Technology, innovation and knowledge** is seen as being of crucial importance for future competitiveness
- Proposal for earmarking of a share of all the Structural Fund programmes to be used for the Lisbon objectives

Interregional co-operation under the new Objective 3

- Main purpose should be to reinforce the **effectiveness of regional policy** by promoting networking and exchange of experience
- Strong emphasis on encouraging a learning process from which regions can benefit - easy access to best practice
- Focus should be on regional policy issues that are difficult to implement

Objective 3: interregional co-operation and networking

- **One thematic interregional co-operation programme focusing on Lisbon and Gothenburg priorities**
- A framework programme for the exchange of experiences on urban renewal (developed on the basis of URBACT)
- A programme for the identification, transfer and dissemination of best practice in management of co-operation programmes (developed on the basis of INTERACT)
- A programme for studies and data collection, observation and analysis of development trends (developed on the basis of ESPON)

The thematic interregional co-operation programme

- Strong focus on Lisbon and Gothenburg agendas (in line with the topics of the "Regional competitiveness and employment" objective)
- Simple, transparent and consistent programme framework for project applicants
- Systematic analysis of project results and dissemination for improved regional policy design

Topics for thematic interregional co-operation programme

The draft Regulation for the ERDF defines:

- Innovation and the knowledge economy
- Environment and risk prevention

Funding

- Financial allocation still to be defined (app. € 300 Mio. ERDF from the last negotiating box – which also will cover the ESPON, INTERACT and URBACT programmes)
- The whole EU territory is eligible
- Rate of assistance is up to 75 %

Structure of the thematic interregional co-operation programme

- EC proposal of one programme covering the entire EU
- Reduction of management structure to take account of smaller programme budget
- Calls for proposals by co-operation theme
- Stronger involvement of thematic experts for project assessment

Interregional co-operation in Objective 1 + 2

- A specific priority for interregional co-operation in Objective 1 and 2 programmes can be included (optional)
- Will allow co-operation between objective 1 and 2 regions and between regions of the same objective
- Interregional co-operation can cover common topics of the regional programmes concerned
- Each project partner funds own activities from respective programme
- Modalities will be organised by the authorities of the programmes concerned
